

President's Corner

Ring in the New Year with EWTG: Unite, Empower, Elevate!

Happy New Year, EWTG members and soon to be members! I am excited to ring in the New Year and officially start my term as the 2025-2026 EWTG President. I am honored to serve in this role, humbled for this incredible opportunity, and privileged to lead and mentor the phenomenal women in this organization.

EWTG has been a beacon of inspiration in my own leadership journey, and I am thrilled to lead it into its next chapter. As I assume this responsibility, I reflect on the incredible legacy of my predecessors and our dedicated Board of Directors, Committee Chairs, and members. Together, we have propelled EWTG to new heights. I am committed to preserving and enhancing this legacy while fostering a culture of innovation, inclusivity, collaboration, and growth.

The theme I selected for EWTG this year is *Unite, Empower, Elevate!* This theme reinforces my core goals of uniting EWTG members, empowering women in leadership, and elevating the organization and its members to new heights. This theme aligns with the priorities and goals I have set for my term as President.

Over the next two years, my primary focus is to modernize our organization, strengthen partnerships, increase membership, expand outreach to affiliate chapters, and enhance member engagement. One of my top priorities is to foster a stronger connection between our members, partners, and communities. Your input and participation are vital to our success. I encourage each of you to share your ideas, insights, and feedback. Together, we can identify opportunities, address challenges, and celebrate achievements.

As we embark on this journey, I invite you to be an active member of EWTG! Whether through participation in our educational programs, professional development opportunities, or membership and committee activities, your involvement will shape the future of EWTG.

Thank you for trusting me with this responsibility. I am excited to collaborate with each of you to make our vision a reality. Together, let us build a stronger, more vibrant EWTG!

Feel free to reach out to me with your ideas, insights, or feedback at pres@ewtg.org.
